—The Memorial Services.

Prof. McCarthy has been warmly congratulated on all sides for the very able memorial sermon he delivered last Sunday at the Congregational church under the auspices of the Grand Army. The house was profusely decorated with flowers and flags and the attendance extended the seating capacity of the building. The speaker took for his text the eighth verse of the eighty-fifth psalm: "I will hear what the Lord will speak; for he will speak peace unto his people and to his saints, but let them not turn again to folly." While the grand army post was present in a body, there were doubtless double the number of Confederate soldiers and their friends in the audience and so far as learned all were highly pleased with the address and expressed gratification at having been present.

—Muskogee Court Notes.

The court has yet important criminal business yet undisposed of, having been presented to the grand jury.

The civil docket will be taken up next Monday, leaving much criminal business; while the number of cases are less, the character of offenses seem aggravated.

Loey Pettitt, plead guilty to introducing several quarts of liquor and got three months and \$25. Her companion, "Chick" Thornton, keeps her company for thirty days on a plea of guilty to disturbance. Several others were given three and six months for same character of offense.

The most important case ever tried before this court is that of J. W. Hendrix for assault to rape. The jury after deliberating upon the case for twenty-four hours found a verdict of guilty on second count of the indictment, which was assault and battery. The jury was composed of our best citizens and they unite in the statement that their honest convictions were the defendant had no intention of committing the crime charged. One of the jurors was discharged on Monday morning by the court. During the trial the defendant had a lawyer, but the jury found him guilty.

We would like to know why it is that our friend A. Stephens goes to Claremore every Saturday night. He is very fond of both instrumental and vocal music, it is said.

The good people of Chelsea, enjoyed themselves on the 24th inst. when they took a C. C. day spending. Plenty of fish, cake, strawberries and numerous other palatable things.

Many stockmen were on our streets Saturday. We noticed the Cooper, J. M. Decker, D. H. Middleton, I. Baker and Mr. Tyson, all of Chelsea. Mr. Middleton, a general favorite, is not here this year but is passing it fairly, which place he vacated Saturday morning.
